Wild hogs Clooney and biker bud Gerber won't be riding off into the sunset if Amal has her way!

AMAL PUTS THE BRAKES ON GEORGE'S ANNUAL ROAD TRIP

THIS road trip could speed straight to divorce court!

George Clooney was born to be wild and he and BFF Rande Gerber are gearing up for their annual motorcycle trip, but Amal "Wife From Hell" Clooney has put up roadblocks to keep the jaunt stuck in neutral!

Now, shrewish Amal's nonstop nagging has exploded into a full-blown domestic squabble that could spell doom for the A-list couple's \$220 million marriage, The National ENQUIRER has learned.

"Amal absolutely does not want George going on this trip!" whispered our spy.

"She had to give in last year because it was the first trip since their wedding, but she's putting her foot down for year two!"

Hotshot international attorney Amal, 38, and her Oscar-winning husband,

SHE'S SICK OF HIM hanging out with buddy Rande

54, sparred for months over the upcoming trip, insiders dished. Their spats finally erupted in a volcanic argument that had George gearing up — ironically — his chopper to clear his head!

As The ENQUIRER reported, the "Ocean's Eleven" star has become fed up with his ambitious wife during their 16-month marriage.

According to insiders, the leggy brunette legal eagle has taken complete control of George's life, cutting him off from friends of his carefree bachelor days and dumping his homes in an effort to tame the roguish actor!

One huge bone of contention between them is George's friendship with Rande, 53, who's married to

supermodel Cindy Crawford. The two have been drinking buddies for years.

"It's no secret Amal has turned up her nose at Rande from day one," confided our insider.

"She thinks he's a frat boy and a bad influence. She's made it very clear she doesn't want George on a 14-day trip with just the two of them."

But our insiders claimed George has dug in the heels of his well-worn biker boots and refused to give up the "sacred" trip he's taken with Rande for the past 15 years.

During their travels, the guys have biked around the globe, and last year, they tooled down Route 66.

But with Amal on her high horse, spies divulged it's a toss-up whether this year's trip will turn into the domestic version of a 10-car pile-up — or George will be free to hit the open road!

MOORE SWEET

HOLLYWOOD

WE LOVE FOR DEMI AS KIEFER KEEPS HER OFF HER FEET!

Hollywood's latest **POWER COUPLE**

CHECK out Tinseltown's hottest hookup: Dem Moore and "24" stud Kiefer Sutherland!

The 53-year-old beauty was positively radiant at the Screen Actors Guild Awards last month, and now The National ENQUIRER can exclusively reveal her secret — she's in love!

After striking out a third time at marriage with much-younger Ashton Kutcher, Demi has finally bounced back — and it's all thanks to Kiefer.

"Kiefer's put the sparkle back in her eye," a pal spilled to The ENQUIRER.

Demi and Kiefer, 49, have tried keeping the sizzling romance under the radar, but friends confided the two are absolutely crazy for each other!

Sparks ignited while filming their upcoming western drama, "Forsaken."

The plot involves Kiefer's character trying to reconnect with long-lost love Demi — which led to an off-screen connection. They've been enjoying the hush-hush romance since finishing the flick.

"They've both been through a lot in their lives ... They were drawn to each other like

magnets!" dished a spy.

Demi desperately needs some happiness after the 2011 breakup from Ashton sent her spiraling.

As The ENQUIRER reported in 2013, reclusive Demi cut ties with those closest to her — including her therapist. Pals feared she was teetering on the edge of another mental meltdown like the one four years ago that ended in an emergency hospital visit and rehab visit.

As for twice-married Kiefer, he's a well-documented boozier — busted four times for DUI, which he's served jail time for.

Despite his reputation as a hell-raiser, "Kiefer is an amazingly sensitive guy," insisted one insider.

"He's very thoughtful and considerate. He's just what Demi needs."

Party guy Kiefer, who performed a crazy, drunken strip-tease during a night out while the two were filming "Forsaken" in Calgary, is the polar opposite of 38-year-old Ashton.

"Demi is enjoying being with a man closer to her own age. She's always been attracted to Kiefer," claimed the insider.

TEQUILA SLAMMER!

Oops! Kiefer (pictured in 2010) struggled to hold his liquor while a pal struggled to hold him!

The two also co-starred in 1992's "A Few Good Men" while Demi was married to Bruce Willis and Kiefer was still reeling from his split with Julia Roberts. "Kiefer was nuts about Demi at the time, but she was a married woman," the source conceded.

Now, 24 years later, Kiefer's timing is perfect — and Demi's daughters are giving her the thumbs up!

"Rumer, Tallulah and Scout are thrilled to see their mom happy!" a spy told The ENQUIRER.

"They're making each other smile ear-to-ear. It could end in marriage!" **NE**

ousy drove her to cheat on him!

The two met when Diane was a 17-year-old high school junior, and he was a senior, 18, who could barely contain his lust.

“We’d have sex whenever we could!” Diane confided to *The ENQUIRER*.

“He was a horny guy, like Austin Powers. If my parents weren’t around we’d use my dad’s car. We used his parents’ garage once.”

But the blue-eyed blonde beauty claimed Tom bizarrely wasn’t attracted to her looks!

“He always said how much he liked my back, and that isn’t something most 18-year-olds are interested in,” she dished.

Now happily married with three children, Diane added: “Tom told me an ex-girlfriend had left scars on his back from scratching him. I’m a nail-biter, so he never had that problem with me.”

But after graduating from high school in their hometown of Glen Ridge, N.J., Tom headed to New York City to pursue a Hollywood life.

From there, a smitten Tom gushed about his undying love for Diane in a string of hopelessly romantic letters.

“You are the best thing that’s happened to me, Diane. You’ve changed my life,” he wrote in one. Tom reminisced about the “great times” they shared, and vowed “there will be millions more to come. Because I love you babe.”

TOM Cruise was a pre-tentious, sex-crazed horndog whose ugly jealous streak doomed his first serious love affair!

That’s the claim of Tom’s high school sweetheart, who has exposed the dirty secrets of the notoriously private star in a world exclusive interview with *The National ENQUIRER*.

For the first time, Diane Cox has shared the handwritten letters Tom sent her, boasting about his film career while vowing his eternal love!

But in a bombshell that threatens to shatter his carefully cultivated image as a man in total control, Diane compared Tom to the horny, big-screen buffoon spy Austin Powers and confessed his jeal-

In another letter, Tom — now 53 and worth an estimated \$470 million — bragged about his career, writing: “I hear nothing but positive attitudes ... In my eyes I can see nothing but success for myself.”

But with Tom focused on Tinseltown, Diane struggled to maintain their long-distance relationship.

“I wanted to see other people at one point, and Tom got very jealous, very overprotective,” she revealed.

“I wasn’t used to that ... The intensity of Tom’s whole demeanor really put me off.”

Shaken by Tom’s jealousy, Diane cheated on him. When Tom found out, he was shattered and coldly dumped her.

“I had a thing with another guy. Tom’s friend found out and told him. I broke his

heart,” confessed Diane. “We spoke for a while, and Tom was very direct. He told me, ‘I love you, but I’m not in love with you anymore.’”

“It was so abrupt. We spent the night together, and when I woke up he was already gone.”

The last time Diane saw Tom was when his breakthrough film, 1983’s “Risky Business,” hit theaters, and he dropped by their hometown with a cocky new attitude.

“Tom turned up at a house party wearing a little beret or something. Everyone rolled their eyes,” recalled Diane, who now lives in Mendham, N.J. “He had a different atti-

Diane also believes Tom’s involvement with Scientology is linked to his rough childhood.

As a youngster, Tom, his mom and three sisters escaped his

abusive dad, and he bounced from one school to another.

“His intensity explains why he loves Scientology,” said Diane. “Now I can see it. His childhood was hard, and that can be destructive.” **NE**

'Full House' star Jodie gets engaged

FORMER child star Jodie Sweetin has gone from "Full House" to a fiancé who's done time in the big house!

Jodie's husband-to-be, Justin Hodak, served nine months in a California prison starting in 1999, according to court documents obtained exclusively by The National ENQUIRER.

The 39-year-old was convicted on "drug and stolen property charges," California Department of Corrections Public Information Officer Bill Sessa told The ENQUIRER.

After committing a parole violation, Justin was back behind bars from January to

Jodie wed Cody Herpin in 2007, and gave birth to their

After that, Jodie had daughter Beatrix in 2010 with Hollywood DJ Morty Coyle. They wed in 2012, but Jodie filed for legal separation after only 15 months.

As The ENQUIRER reported in August 2013, Jodie entered a \$50,000-a-month residential treatment facility after failing to win sole custody of Beatrix.

Jodie — who's reprising her role as Stephanie Tanner in the "Full House" reboot, "Fuller House" — admitted in her 2009 memoir, "Un-Sweetened," to hiding her use of cocaine, meth and ecstasy while claiming publicly to be sober. But she insisted her druggie past is

JAGGER TO SWAGGER UP THE AISLE AGAIN!

Mick, 72, plans to wed dancer Melanie, 29

WRINKLY rocker Mick Jagger is prancing toward the altar with baby ballerina Melanie Hamrick barely two years after fiancée L'Wren Scott tragically hanged herself!

The Stones frontman, 72, recently whisked Melanie off to his posh vacation lair on the island of Mustique so she could meet his kids. Now friends say things are so serious the pair will be hitched by summer!

"Mick finally realized that Melanie's the one he wants to settle down with," dished a pal, who added, "He almost lost her when she found out he was two-timing her last year!"

The National ENQUIRER previously exposed Mick had stepped out on the dancer, 29, with model Masha Rudenko.

The straying singer swore to Melanie that she was the only one for him — so she told him to prove it. "And he did — by having her meet his family!" the insider blurted.

Mick intends to propose this spring, and then have a summer wedding.

The pop star also fears Blake will find out just how high-maintenance she can be! She never leaves the house without bold red lipstick and her signature blonde hair extensions.

TWO-FISTED "American Sniper" actor Erik Aude is the REAL deal!

Surviving a hellacious two years of unspeakable torture in a Pakistani prison, he was handed a death sentence after being framed for drug smuggling.

Amid the horror, the 6-foot-1, ex-high school gridiron star beat hordes of American-hating fellow inmates to a pulp, earning the moniker: "Toughest man in prison."

"(He) came across as sincere," he recalled.

But his partner duped Erik into unknowingly smuggling drugs. At the airport on his way home, security dragged him into a room where an agent pulled a small envelope from a jacket lining.

"He tells me, 'This is opium,'" Erik recalled.

"They electrocuted me," he said. "They loved to beat the bottom of your feet with a cane again and again."

Despite the pain, Erik refused to confess to the crime. He was taken to Pakistan's hellish Adiala Central Jail, where "the prisoners were

waiting for me behind a door and ... chanting, 'Kill the American!'"

Inside, he was attacked by dozens of bloodthirsty brutes. "I had to fight for my life," he said. "I bombed on those guys

and took out all my frustrations of being set up, tortured and humiliated on them."

The powerfully built jock beat off his attackers, but during the ferocious brawl, he tossed a convict off a balcony.

Despite never knowing how badly injured the man was, Erik was sentenced to death!

Finally, after a clash with the hellhole's most brutal guard, he went "from being the most hated prisoner to the most respected," he explained.

A year after being locked up, the man who framed Erik admitted to the DEA he set him up, and he was released in 2004.

Now, the actor says he has no regrets: "I'm glad I went to prison — it lets me enjoy life so much more now." **NE**

ANGELINA Jolie's wild-child days may be the fodder of Hollywood lore, but her ex-galpal gives Angie a run for the money!

The National ENQUIRER has uncovered never-before-seen court documents revealing the dark truth of her lesbian love affair with Jenny Shimizu — one filled with guns, threats and abuse!

The ill-fated fling

began about 20 years ago when Angelina and Jenny were filming "Foxfire."

At the time, Jenny, now 48, had apartments in L.A. and New York with longtime girlfriend Maria Luisa Mosquera. But as her relationship with Angie, 40, was boiling, so were tensions with Maria — and it ended inside a courtroom!

Records of the case have long since been destroyed, but The ENQUIRER can reveal that on Nov. 8,

Angie's gun-toting gal was technically on the lam for four years when she was finally nabbed by the sheriff and thrown into lockup on Feb. 25, 2002!

That April, Jenny admitted to skipping out on probation for years and was ordered to complete 30 days in jail or 30 days of graffiti removal with the California Department of Transportation, plus pay \$30 monthly in restitution.

It wasn't until 2004 that Jenny's battle with the law finally ended. In March of that year, a judge ruled that she had "appeared to have complied with all terms and conditions of probation."

Her remaining charges were dismissed.

Following years of hooking up with Angie off and on, Jenny married stylist Michelle Harper in September 2014 — just weeks after Angie tied the knot with Brad Pitt! **NE**

1996, Jenny posted \$20,000 bail for an incident that had occurred the previous night, resulting in charges of assault with a deadly weapon.

A month later, Jenny posted \$80,000 bail for charges of criminal threats and assault with a firearm.

In 1997, she pleaded guilty to misdemeanor possession of a weapon with intent to assault and felony inflicting visible injury

on a cohabitant or spouse, with remaining counts of felony assault with a firearm and making a terrorist threat to be disposed on completion of probation.

The details of the incident are not clear, but she was subsequently ordered by a judge to steer clear of Maria, who did not respond to requests for comment by The ENQUIRER.

Jenny was also ordered to pay a \$200 fine and to complete

one year of domestic violence counseling and 200 hours of community service. She was sentenced to three years of probation and served one day in jail.

THE LETHAL LESBIAN'S legal troubles, however, were only just getting started, The ENQUIRER has learned.

ANGRY MELISSA IN 'GILMORE GIRLS' SNUB!

NEWS

Melissa, who played Sookie (left), will not return for the show's reboot

The "Spy" star didn't like the way Lauren (left) treated her

THE "Gilmore Girls" will do more with less!

Melissa McCarthy, 45, who played Sookie St. James during the seven-year run of the show, has thumbed her nose at returning for the reboot — and it's all nasty Lauren Graham's fault!

"There were times when Lauren was condescending, and if she was having a bad day, she would bark at Melissa when she'd flub a line during shooting," a spy close to Melissa confided to *The National ENQUIRER*.

Despite several desperate phone calls from Lauren, 48, begging for her return, Melissa said she had her chance to be nice back then, and now it's too late!

The entire cast who starred in the light-hearted drama, which portrayed Lauren and Alexis Bledel, 34, as a tight-knit mother and daughter, will be returning — except Melissa! While the show's stars have remi-

niscated about the joys working on the show, the funny lady isn't one of them.

"Most of the cast remembers 'Gilmore Girls' as the best time of their lives, but to Melissa, she remembers pettiness and being treated like a second-class citizen sometimes," said another source.

Since its 2007 cancellation, Melissa's career has skyrocketed, burying her ex-costmates in the dust. She scored an Emmy for "Mike & Molly" and snagged an Oscar nomination for her potty-mouthed performance in "Bridesmaids."

Show creator Amy Sherman-Palladino even promised her a juicy storyline — Sookie would become a Food Network star, mirroring Melissa's own success — still, it wasn't enough.

Although a rep for the actress denied any animosity, the spy confided: "Melissa prefers to look forward, not back at something she did 10 years ago." **NE**

KRIS HELD AWAY W

'Accomplice' Jenner hid bag

REALITY TV star Kris Jenner hid a bag containing the knife O.J. Simpson used to slaughter his ex-wife, Nicole Brown, and her friend, Ron Goldman!

That's the shocking bombshell claim exposed in an explosive National ENQUIRER exclusive that reveals Nicole's best friend may have been an unwitting accomplice in the brutal June 1994 Brentwood slayings that stunned America!

According to well-placed sources, Kris stashed the bag — containing the six-inch murder weapon and other evidence — for her lawyer ex-husband, Robert Kadashian, who was part of O.J.'s legal dream team.

In another staggering revelation, Ron's sister Kim told The ENQUIRER that Robert, who died eight years after O.J. beat the murder rap, instructed his heirs to turn over O.J.'s mysterious bag to Ron's family in the event of his death.

But after Robert passed in 2003, the Goldmans never got it!

O.J.'s former manager, Norman Pardo, told The EN-

QUIRER the bag, wherever it is, "holds the key to solving the bloody murders!"

Now as millions watch the FX series, "The People v. O.J. Simpson: American Crime Story," about the disgraced football star's controversial trial, The ENQUIRER investigation reveals Kris, 60, unwittingly helped O.J. get

The bloody aftermath of the June 1994 murders of Ronald, above, and Nicole

'She would have done what Robert wanted and wouldn't have asked any questions'

Kris REALLY knew.

A media outlet even questioned: "Is Kris Jenner Hiding Evidence to the O.J. Simpson Murder Trial?"

Kris was always close to Nicole — and possibly even closer to O.J. The former football great, now serving a 33-year sentence for the armed robbery of sports memorabilia in 2007, has been rumored to be the father of Kris' daughter, Khloé Kardashian.

"Despite being divorced from Robert and remarried to Bruce Jenner, Kris remained tight with Robert because of their four children," added the insider. "She would have done what Robert wanted and wouldn't have asked any questions."

The chain of events that ultimately led to Kris literally "holding the bag" began when O.J. asked his pal Robert to

take possession of a small Louis Vuitton briefcase following the murders, said the source.

"The night of the murders, O.J. placed the knife he had used to butcher Ron and Nicole in with his golf clubs," said the informant. "He left that night for Chicago and carried the golf bag with him because he didn't want the knife to be found by cops in L.A."

O.J. trial watcher Dominick Dunne once reported in *Vanity Fair* he believed O.J. got rid of the bloody clothes he'd worn during the massacre while in Chicago.

Dominick suggested the killer knew cops might be waiting for him when he returned to L.A. He'd flown to the Windy City immediately after the murders to play in a golf tournament.

"I do wonder, however, if Kardashian could have played a

away with murder!

"Yes, Kris Jenner hid the bloody knife! That's true!" a source close to the case said.

"I'm sure she had no idea at the time what was in the locked bag that Robert had given her to hold 'for safekeeping.'

"Where that buried bag is today remains a mystery!"

Top Hollywood private in-

vestigator Paul Huebl agreed, and told *The ENQUIRER* Kris may have been used as a pawn in the cover-up of the murder weapon.

Police have never accused the Kardashian "momager" of any wrongdoing in the infamous case.

But behind-the-scenes speculation has questioned what

part in the removal of the murder weapon from the golf bag that arrived at LAX the day after Simpson's return from Chicago, when he and Simpson, in the midst of his mourning, went to the airport to pick up Simpson's golf clubs," Dominick wrote.

"A knife in a golf bag might have gone through security undetected."

In the aftermath of the murders, Robert was famously seen carrying a large Louis Vuitton garment bag many suspected contained damning evidence.

But the source told The ENQUIRER the knife was ACTUALLY in a small \$5,000 vintage LV briefcase.

"The big LV valise was actually a red herring," revealed the insider.

"Robert, a lawyer and very smart guy and faithfully loyal to O.J., made a big show of carrying it, which set off wild speculation in the media."

But the big bag was really a decoy to cover the knife's real hiding place!

"Prosecutors believe the

knife O.J. used to carry out the killings was likely a German stiletto with a bronze heel and a blade that measured more than six inches long and was hidden in the briefcase," according to another source.

The ENQUIRER obtained a rare photo of what's believed to be the actual briefcase.

Taken after the slayings, the picture shows Robert holding it in the backseat of a car with O.J. at his side.

"Robert ended up putting the locked briefcase in a bigger bag and at some point gave that bag to Kris to hold," said the source.

With the key murder weapon safely hidden away, O.J. was acquitted in the criminal "Trial of the Century."

Robert was part of his defense team — and Kris was never called to testify EVEN

Victim Ron's sister Kim said her family will never know what was in the bag

Robert died of esophageal cancer at age 59, and may have felt guilt over helping O.J. His remorse could explain why he wanted the Goldman family to have O.J.'s secret bag, said the source.

"We were notified by either a lawyer or someone from the Kardashian family, Robert wanted the bag to be given to me after his death," said Kim.

"This wasn't the Louis Vuitton garment bag Robert took from (O.J.'s) house the day after the murders."

THOUGH sources said she knew of the savage physical abuse Nicole endured at the hands of O.J.

Kim told The ENQUIRER she arranged for a delivery location, but "at the last minute, we were told it wouldn't be happening."

"I have no idea what was in the bag. As for why they didn't want us to have it, someone must have told them it wasn't the best decision to give it to us. I will never know what was in the bag."

O.J.'s former manager, Norman, told The ENQUIRER the secret bag may have been stolen, noting there'd been some attempted burglaries at the homes of Kris' daughters Khloé and Kourtney.

But, added the source: "If the bag's around, they should give it to Kim as promised — and now!" **NE**

SHAMEFUL ERROR IN O.J.'S TRIAL OF THE CENTURY!

Jill Shively narrowly avoided colliding with O.J.'s Bronco but the jury never heard her story

A SECRET witness saw O.J. Simpson fleeing the murder scene where his ex-wife, Nicole, and her friend, Ronald Goldman, were butchered, but blundering prosecutors never called the woman to testify!

The incredible incident appeared in the first episode of the new FX miniseries about O.J.'s trial where Jill Shively told prosecutor Marcia Clark what she witnessed on the

bloody night of June 12, 1994.

Now, The National ENQUIRER has tracked down Jill, 54, and she shockingly revealed that her testimony could have nailed O.J. to the time and place of the slaughter.

"I was two or three blocks from where Nicole lived when

this white Bronco with no headlights flew through a red light and nearly hit my car.

"The road was really well lit and I saw the driver clearly. It was O.J.!

"I recognized him because I had just seen him in the movie 'Naked Gun 33 1/3,' and he

had glared at me."

Nicole and Ron were massacred between 10:15 p.m. and 10:45 p.m. — and she saw the disgraced football legend just blocks away at 10:50 p.m.

Flustered Jill scribbled down his license plate as "3ZWZ788" — only missing his number "3CWZ788" by the second letter.

But prosecutors claimed Jill's evidence was tainted because she was paid for a TV interview and never called her to testify.

"I heard later that O.J. even admitted I'd seen him," said Jill. "He said, 'I should have hit the b-----!'"

— SHARON CHURCHER

KEY FACT MISSING IN FUNERAL SCENE

O.J. SIMPSON made an incriminating statement at the wake of his slain former wife, Nicole, that viewers of "The People v. O.J. Simpson: American Crime Story" never got to see!

An inside source told The National ENQUIRER The Juice went up to her open coffin, kissed her cold lips and whispered, "I'm so sorry, Nicki. I'm so sorry."

Nicole's mother, Juditha Brown, then confronted him.

"Did you have anything to do with this?" she demanded.

O.J. responded, "I loved your daughter," claimed the spy.

The day following the June 15, 1994, wake, O.J. showed up at the cemetery where Nicole's light-wood casket arrived in a white hearse.

O.J. held hands with his children, Justin, then 6, and

Sydney, 9, as their slaughtered mom was laid to rest.

But what's most amazing is the funeral gatekeeper was O.J.'s pal Al Cowlings!

The next day, Al drove the white Bronco with O.J. during the infamous slow-speed chase down the freeway. Al was supposed to drive to the cemetery, where O.J. had planned to kill himself at Nicole's grave. **NE**

HELEN Hunt has spent the last 15 years with boyfriend Matthew Carnahan, but she has no desire to marry him!

The former "Mad About You" star, 52, explained that though she fell in love with the 55-year-old screenwriter long before she married actor Hank Azaria, she let him get away by not wanting a serious relationship at the time.

Helen and Matt "both agree that although they are soulmates, there is no reason to tie the knot," revealed a spy close to the couple.

"Helen is afraid to change one thing about their perfect pairing."

The Oscar winner has three kids with his first wife, Cindy, plus a son from a brief encounter following his divorce.

Despite going the adoption route, they still haven't given up on making a baby the old-fashioned way!

"Kevin is a committed father who shields his family from the public eye," revealed the spy, who added, "He's all about family, and it's fair to say all his children absolutely adore him."

It's a bolt from the blue with the rare gemstone that took the jewelry world by storm.

Lightning struck the day they discovered Tanzanite. A bolt from the sky set the foothills of Mount Kilimanjaro ablaze, revealing the sparkling violet-blue of Tanzanite below the surface. And this was no ordinary gemstone. Henry Platt, past president and chairman of Tiffany & Company called Tanzanite, "The most important gemstone discovery in over 2,000 years."

Lightning also struck the day you met her. Every star aligned to create the brilliant flash that lit up your heart and changed your life forever. With the *Lovestruck Tanzanite Ring* you can celebrate your own lucky lightning strike with the gemstone that took the jewelry business by storm. Nine tanzanite gemstones, weighing over two carats total. These violet-blue beauties are surrounded with 22 lab-created DiamondAura® for a bonus flash of brilliance.

You've been lucky enough for lightning to strike twice, but

With over 4,000 sold, we currently have less than ~~2000~~ 1400 in stock!

there will not be a third time. "Experts estimate that our tanzanite deposits will have run out in 30 years," says prominent mining company TanzaniteOne. With our industry contacts we've been able to secure a limited supply and offer the *Lovestruck Tanzanite Ring* for \$9750. But once the world's supply of tanzanite is gone, it's gone for good, and we'll all be left staring up at the sky, longing for another bolt from the blue.

"Tanzanite is one of the rarest gemstones on earth and one of the most undervalued relative to its rarity."

PARIS BATTLING HER ADDICTION DEMONS

MICHAEL Jackson's 17-year-old daughter, Paris, dropped a bombshell confession — she's struggling with addiction!

The teen beauty, who tried to kill herself by slashing her wrist and gobbling pills three years ago, revealed she's now in Alcoholics Anonymous.

In an angry rant on social media site Instagram, she blamed her suicide attempt — and even her dad's death — on the pressure from fans and hateful comments.

"I am expected to literally sit on my ass all day replying to comments people leave me," she wrote.

"Like when I was 14 and deleting every single comment by hand because people were fighting too much and sending so much hate to the point where I was suicidal? It's always been like this."

She's attending AA in an attempt to cope with the stress

from Michael's death.

The 50-year-old pop superstar died from a prescription drug overdose in 2009.

"The expectations for my DAD were f--king ridiculous. He didn't owe you," she fumed.

She ended with: "I'm just f--king done with this. Way too much extra stress in my life."

Paris has also been rocked by British actor Mark Lester's allegation that Michael wasn't her biological dad. Mark has claimed he donated sperm to her mom, Debbie Rowe, and could be Paris' papa.

Psychotherapist Dr. Gilda Carle told The National ENQUIRER the teen's addiction problems are no surprise.

"When you are the child of someone famous, people glom onto you," noted Dr. Carle, who added, "She's feeling the pressure, and if Michael Jackson really was her father, she may have inherited his tendency to addiction."

MOMMY- DAUGHTER

**Courtney Love
& Frances Bean Cobain**

Frances filed a restraining order against her mom after a 2009 fight, and Courtney later claimed Foo Fighters member Dave Grohl hit on her daughter. Frances denied it.

**Jaid
& Drew Barrymore**

Partying with Jaid in clubs, Drew was drinking at 9, smoking marijuana at 12, and snorting cocaine at 13. After a rehab stint, the "E.T." star emancipated herself at age 15.

**Susan Jordan
& Meg Ryan**

Susan's husband wrote a tell-all about Meg's then-husband Dennis Quaid, but the last straw came when Susan yapped to the media about Meg's adulterous affair with Russell Crowe!

WARS!

The most **VICIOUS** female family feuds in Hollywood!

The wire-hanger horror of screen legend Joan Crawford and adopted daughter Christina in “Mommie Dearest” holds a place of honor as Hollywood’s ultimate mother-daughter feud. But the wars between mothers and daughters rage on in Tinseltown. Here, The **ENQUIRER** exposes the nastiest of those female feuds.

Candy & Tori Spelling

Candy and hubby Aaron disapproved of Tori’s adulterous affair with Dean McDermott in 2006. When Aaron passed, Candy didn’t inform Tori, and Tori received little money from his estate.

Nancy Dow & Jennifer Aniston

After Nancy wrote a tell-all book about the “Friends” star, Jennifer cut her mother out of her life. She also blasted Nancy as a “disease.” The two are in touch now — barely.

Lynne & Britney Spears

After getting tossed into rehab, Britney penned a poem to her mother, saying she “doesn’t have a mom anymore.” The two didn’t speak for most of that year.

Mia Farrow & Soon-Yi Previn

When Mia found nude photos of her adopted daughter with her love, Woody Allen, she ended the relationship. Mia has said she no longer considers Soon-Yi her daughter. **NE**

NAILING SHINGLES

SHINGLES is a painful rash that develops on one side of the face or body. One out of every three people 60 years or older will develop it and experience pain. If you are 60 or older, talk to a doctor about getting a dose of the shingles vaccine. Antiviral meds are best to treat the rash and reduce symptoms, but there are alternatives. Cool baths and wet compresses help ease the pain. But avoid hot water — it irritates the skin.

The best foods for fighting cancer

A HEALTHY diet — with lots of fruits, veggies and even garlic — can help reduce your risk of cancer. The American Cancer Society recommends eating at least five servings of fruits and vegetables a day. Studies also show people who eat more garlic are less likely to develop cancer in digestive organs. Berries contain powerful antioxidants and compounds that prevent cancers from spreading. Tomatoes help guard cell DNA from damage that can lead to cancer. Cruciferous veggies such as broccoli, cabbage and cauliflower shield you from cancer-causing chemicals and slow the growth of tumors. Eat well, live long and prosper!

NATURAL TEETH WHITENERS!

SPARKLING up your smile doesn't have to mean coughing up big bucks for expensive whitening treatments. Two great first steps are quitting smoking and cutting out coffee. To help reduce stains, apply a homemade paste of baking soda mixed with lemon juice. Snack on celery and apples. They're naturally abrasive, and scrub tooth enamel without damaging your teeth. The protein and calcium in cheese help strengthen enamel, and keep the white outer layer from fading. The vitamin C in strawberries is a natural whitener. All that should give you plenty to smile about!

BATTLE HAIR LOSS NATURALLY!

THINNING hair can be due to genetics or the excessive use of chemical treatments, but there are steps you can take to slow it down. Foods high in protein, like nuts, eggs and fish, all promote healthy hair growth. Supplements such as biotin, which is a B vitamin, have shown effective results. Some topical treatments, like saw palmetto, block the production of DHT, which causes hair loss. And filter your drinking water! Chlorine and fluoride used to treat water can inhibit hair growth.

LAZY DIET TIPS

LOSING weight doesn't have to mean starving yourself or exercising until you drop! Try these sure-fire methods to help you lose weight without pain. Drink at least two cups of water a day! Folks who drink that much consume 75 to 90 fewer calories because H₂O is filling and has no calories. Spice up your diet! Herbs and spices decrease cell inflammation and interfere with the formation of fat cells. Get your beauty rest! A recent study showed that poor sleep throws hunger-regulating hormones out of whack, making you hungrier.

KATIE WARNED OVER 'GAY' FOXX

Isn't it bromantic: Jamie Foxx and pal

He's not husband material, say pals

Katie, with Suri, is angling for a payback pregnancy that will make Tom livid

KATIE Holmes' sounded the alarm bells over her having a baby with beau Jamie Foxx after hearing alarming gay rumors about the "Django Unchained" hunk!

The 37-year-old former "Dawson's Creek" cutie picked Jamie, 48, to father a child, sources told The National ENQUIRER.

Katie wants a playmate for Suri, 9, her daughter with ex Tom Cruise — and she also wants a "revenge" pregnancy against the "Top Gun" star.

But worried friends are

warning Katie to "hold off!"

"Pals of Katie are constantly telling her, 'Do you really know everything about this guy?'" explained an insider.

A "big fear" is the gay rumors that have dogged the actor/singer — just like Tom — even though both men have strongly denied that they're homosexual.

Jamie added fuel to the gay buzz when he was caught in Beverly Hills with a "bromance" buddy leaving the hip eatery Mr. Chow on Jan. 29.

"It didn't help that Jamie was caught in a wardrobe

malfunction — his jeans and underwear were halfway down his butt, exposing his backside!" said a source.

The urban gossip website Mediatakeout.com has repeatedly raised questions about Jamie and accused him of masking his true sexual cravings by being with a bevy of beauties.

Sources also told The ENQUIRER Katie's pals question whether he's really husband material.

JESSICA & ERIC CLASH OVER DAUGHTER MAX!

JESSICA Simpson and husband Eric Johnson are waging war over her desire to make her "mini-me" the next child star!

"The Dukes of Hazzard" beauty's look-alike daughter, Maxwell, 3, is begging to follow in mom's showbiz footsteps, spies told The National ENQUIRER.

While Jessica, 35, would like to thrust the adorable tot into

the spotlight, dad Eric, 36, is dead set against his baby girl starting a career this early.

"Eric's against exposing Max to child-star nightmares. He thinks she's way too young," dished an insider. "But Jess auditioned for 'The All New Mickey Mouse Club' when she was 12. She believes showbiz helped her gain confidence."

The two, who also have a son, Ace, 2, have been plagued

by more serious troubles. Jessica was accused of being drunk during a live TV appearance to promote her clothing line last September.

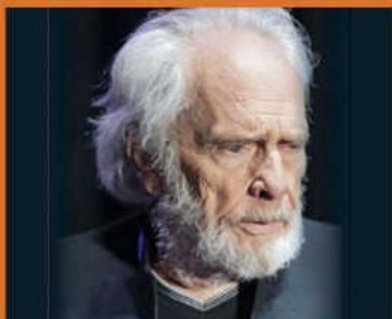

Months earlier, the ex-NFL gridder allegedly demanded Jessica get her boozing ways under control, with reports also suggesting she was hooked on prescription pills! **NE**

NASHVILLE KING MERLE'S BRAVE FIGHT TO SURVIVE

MERLE Haggard showed his country toughness as he battled for his life against deadly pneumonia.

The National ENQUIRER learned the admitted pot smoker was rushed to the hospital in December after a debilitating bout with killer lung disease laid him low for 11 days.

But after leaving the hospital, friends and fans of the 78-year-old "Okie from Muskogee" singer became more alarmed as he suddenly canceled all his scheduled February performances.

"Pals like Dolly Parton and Willie Nelson were worried sick and praying that the grizzled old Okie would bounce back," a Nashville insider confided to The ENQUIRER.

The Country Music Hall of Famer had recently battled a series of health setbacks. In 2008, docs removed a cancerous chunk of his right lung.

He also tangled with pneumonia in 2012 and canceled a concert at the last minute due to illness.

"But Merle's been known for his toughness," dished a spy.

"Even at his worst times, he always put up a brave front." **NE**

CRUZ to LOSE over BOOZE!

REPUBLICAN presidential candidate Ted Cruz has been desperately trying to hush up his secret past as a boozier and his parents' alarming drinking troubles, The National ENQUIRER has learned.

While studying at Harvard Law School Ted got so sloshed guzzling grain alcohol, sources told The ENQUIRER, he couldn't say his lines in a school play and walked off stage in the middle of a scene!

The ENQUIRER also uncovered official documents showing the 45-year-old politician confessed to a drinking bust on an application for his appointment as

Texas Solicitor General, dated Feb. 6, 2003. Earlier this month, Donald Trump accused Iowa caucus winner Ted of dirty dealing.

"Yes. In 1987 (as a teenager), pleaded guilty to Minor in Possession Alcohol," he wrote.

Since he was a minor at the time, there are no available police records of the offense.

Ted also once confirmed that dad Rafael and mom Eleanor were raging drinkers!

"Both of my parents drank far too much. Both of them had serious problems with alcohol," he confessed in 2014.

"When I was 3 years old, my father decided he didn't want to be married anymore and he didn't want a 3-year-old son, so he got on a

plane and left."

Many believe Ted should be disqualified from running for the White House because he was born in Calgary, Canada, in 1970 to a Cuban dad and Delaware-born mom.

And his fellow students at Princeton University, where he was an undergrad, described Ted as "creepy" and a stalker.

They revealed how he'd stalk around the section of his dormitory, where female students lived, in his paisley bathrobe!

Sources said Democratic operatives are looking for more dirt on the Texas senator about his booze issues.

"These embarrassing incidents with alcohol have whetted their appetite," an informant told The ENQUIRER. "There's the belief that drinking got him in even more trouble. That's what they're looking for from the senator's past." **NE**

COSBY COULD BE NAILED BY HIS OWN SERVANTS!

**ENQUIRER
EXCLUSIVE**

AUTHORITIES in Pennsylvania plan to call up “at least three secret witnesses” who could help prosecutors put Bill Cosby behind bars!

The National ENQUIRER has learned the creepy comic’s

former estate manager and an ex-valet could provide blockbuster testimony that would convict Cosby of sexual assault!

“The valet had a front-row seat” to America’s once quintessential TV dad’s “perverted sexual antics,” a law enforcement source told The ENQUIRER.

Police are “trying to locate” the valet, who worked at Cosby’s estate outside Philadelphia before Temple University employee Andrea Constand was attacked there in 2004.

Cosby was charged Dec. 30 with three felony counts of aggravated indecent assault relating to the attack. His lawyers quickly hit back, arguing a previous prosecutor had verbally granted the star immunity from those charges a decade earlier.

But on Feb. 3, Cosby suffered a devastating blow when a judge refused to dismiss the charges. If convicted, the 78-year-old could serve up to 10 years in a state prison.

An official document related to the case obtained by The ENQUIRER alleged Cosby immobilized a “semi-

conscious” Andrea before he “touched her breasts and vaginal area, rubbing his penis against her hand and digitally penetrated” her.

In a sealed deposition for a civil lawsuit that was made public last July, Cosby admitted to putting his hands down

Andrea’s pants and fondling her. He also confessed to giving women Quaaludes for sexual encounters.

The former Jell-O pitchman has been accused of being a serial knock-out-drug rapist who attacked up to 100 women over a 43-year span.

As the case moves forward, our source revealed the other potential witness is Gladys Rodgers, 75, who oversaw Cosby’s estate, where she lived from 1983 until 2002.

“She could possibly demolish Cosby’s defense at trial since she was rudely fired from the estate on the advice of a spiritual advisor to Cosby at the time,” dished the snitch.

“I was stunned. After all these years, for it to happen like this,” an angry Gladys told The ENQUIRER in 2002 of her job loss.

“Though Gladys was let go before Andrea was attacked, it’s possible she can provide investigators with bombshell details about Cosby’s kinky habits,” revealed a law enforcement spy. **NE**

I commend you for taking a bold stance in an era of political correctness and calling for the impeachment of Barack Obama ("Traitor Obama Must Go Now!" Dec. 21). He has to go. And America needs folks to stand up and say so. Keep the pressure on.

Letter of the week

Streisand's shame

Judge not the Brolins unless you've walked in their shoes ("Streisand's Cruel Snub to Homeless Stepson," Dec. 21)! God bless Barbra, her hubby and Jess. You can't know what they've been through unless you've had a mentally ill child. It tears your heart out and there's not much you can do.

HOW TO...

BE A WINNER AT OFFICE POLITICS!

OFFICE politics are a rougher game than rugby. It's stressful to be on your guard for a knife in the back from a ladder-climbing co-worker. But experts say you can win this dangerous game without selling your soul.

"The savviest professionals practice workplace diplomacy," said Max Messmer, CEO of staffing firm Robert Half International, adding that they "don't allow themselves to get pulled into situations that could compromise their working relationships or reputation."

■ STEER CLEAR OF GOSSIP

Mudslinging can damage your own credibility. If juicy chitchat reaches your desk, resist the urge to spread it. Don't be branded the office gossip.

■ KEEP YOUR COOL!

If somebody gets your goat, don't release the hounds. Wait until you're calm to express your concerns — in

■ BUILD BROAD ALLIANCES

If you show people that you're reliable, you have a good chance of being on the winning team ... no matter the captain.

a professional, tactful and palatable manner.

■ STUDY THE LANDSCAPE

"Your office is full of both allies and rivals, and, if you watch and listen closely, you can get a pretty good sense of who's aligned with whom," said TalentSmart president Dr. Travis Bradberry.

■ DON'T SEEK REVENGE

A co-worker may need to be put "in their place," but that could come at a price. You'll be the one who looks like a loose cannon!

■ BE HUMBLE

Follow this saying: "It's nice to be important, but more important to be nice." Avoid alienating others with your ego. **NE**

Chris Pratt's got HELL TOUPEE!

HOLLYWOOD hunk Chris Pratt is just 36, but he's facing hair-raising problems!

"Chris says his next two major projects will be the last two films he makes when his hair will be completely natural," dished a close source.

"He's already telling people he's going to need hair appliances for both 'Guardians of the Galaxy 2' and 'Jurassic World 2.'"

The former "Parks and Recreation" star "blames his hair

loss on all the weightlifting he's been doing. It's messed with his hormone levels," added the insider.

"But Chris is totally fine with wearing wigs and appliances! Besides that, it's happening so slowly that Chris usually brings it up before his directors or producers do. And nobody thinks it's going to cost him any roles."

Because we're a caring bunch here at All The Buzz, we've mocked up how Chris would look in a few famous hairstyles. Check them out!

Palin's palatial pad up for grabs!

SARAH "Mama Grizzly" Palin is ditching one of her dens! The former VP candidate has put her Arizona home on the market for \$2.5 million! She stands to make a tidy profit on the six-bedroom Scottsdale pad, which cost \$1.7 million in 2011.

"This home has beautiful features, including gorgeous chandeliers, several fireplaces and soaring ceilings," boasted Redfin agent Alec Traub. "It also comes fully equipped with a media theater, wine cellar and a resort-like backyard."

CLASSIC ENQUIRER

THIS week back in 1990 we brought you a mix of scandalous showbiz secrets! Johnny Carson's "Tonight Show" sidekick Ed McMahon's wife went on a wild spending spree after he bought his mistress a home, a sinister cult brainwashed Miss America, Chuck Norris was involved in a barely legal romance and "Diff'rent Strokes" star Gary Coleman gave us the inside scoop on why he hated his parents!

CAITLYN TO ROB AND BLAC: Move in with me!

ROB Kardashian has been offered a shoulder to cry on by former stepdad Caitlyn Jenner — who's also giving him a place to live!

While most of the family has turned their backs on off-the-rails Rob, 28, Caitlyn has no issues with her wayward stepson and his galpal, model Blac Chyna!

"Cait's very worried about Rob, and thinks he's been treated terribly by the family, especially Kris," an insider whispered to All The Buzz.

"She's told Rob that he and Blac are welcome to stay at her place, and Rob is planning to take her up on the invitation!"

According to the informant, Rob loves the idea of teaming up with Caitlyn because "it's guaranteed to push the family's buttons!"

"Rob is all about revenge right now."

WHAT-EVER happened between sexy singer Rita Ora and media mogul Jay Z is long over, but Beyoncé still feels insecure about her husband's former protégée — and hates Rita's racy photo shoots and public appearances!

"It's no exaggeration to say Rita haunts Beyoncé, and hangs over Bey's marriage like a black cloud," a source

BEYONCÉ haunted by SLEAZY RITA

spilled to All The Buzz.

"Beyoncé knows the whole world assumes something went on with Rita and Jay — and she's convinced Jay still crushes on her."

Continued the insider: "Bey won't have Rita mentioned by name, let alone anywhere near their scene!"

Having seen Rita's recent nude photo shoot, we can't say we blame her!

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

CELEBRITY WORD MATCH

Find a word that can follow the word on the left and precede the word on the right. When you've filled in all the answers, the name of a celebrity can be read from top to bottom in one of the lines.

Man with rare skin disorder is turning into a tree!

The Bangladeshi man tried cutting off the warts when they first appeared, but it was too painful

MEET the real-life Groot — a weird disease is turning Abul Bajandar into a tree!

But unlike Vin Diesel's character from the 2014 sci-fi hit "Guardians of the Galaxy," Abul's condition isn't a superpower. It's the result of an immune system defect. Called epidermodysplasia verruciformis, it grows wart-like lesions resembling gnarled branches and bark on his

hands and feet!

The 30-year-old "Tree Man" has suffered from the rare skin disorder since he was

10 years old, and doctors in his native Bangladesh are still researching how to treat it.

Once a rickshaw driver, Abul had to quit his job as his disease worsened. Today, the father of one can't even lift a fork or brush his teeth!

"Initially, I thought that (the

lesions) were harmless," Abul recalled. "But slowly, I lost all my ability to work."

After he attracted attention in his village and beyond, big-city doctors learned of his ailment and offered to perform surgery at no cost.

"Popularly, it is known as 'tree man' disease," explained Dhaka Medical College and Hospital's Dr. Samanta Lal Sen. "As far as we know, there are three such cases in the world."

Abul will have surgery to remove the growths — which

weigh more than 11 pounds — and it will be paid for by the state.

"The surgery is a lengthy process and will involve many (operations)," claimed Dr. Sen. "The whole process can take up to six months."

Abul's sister, Adhuri, said "Tree Man" has drawn countless gawkers. "Even here at the hospital, hundreds have already gathered," she noted.

And that's how the Tree Man of Bangladesh captured a spot on our Odd List! **NE**
